IDEA 0942
Copy 3 of 3

18 December 1962

MEMORANDUM FOR: Chief, Operations Division, OSA
SUBJECT : Tape Recorder for OXCART and IDEALIST
REFERENCE : OXC-4275; Subject: Same as above

1. It is requested that one additional tape recorder system be procured for Detachment H. If any IDEALIST detachments are to use tape recorders, both for inflight record and for briefing and debriefing record, then it follows that the most economical course is to standardize the equipment.

2. One recorder system for Detachment H should be sufficient since it is unlikely that they will have more than two operational aircraft at one time.

3. The addition of one recorder system will make a total of five systems to be procured per referenced memorandum.
